CHAMBER of COMMERCE

WHY JOIN THE HORICON CHAMBER

Show your Community Support

The Horicon Chamber has become the “heart of the community”, offering information about the city to locals and visitors alike. Being a part of the Chamber brings you to them.

Chamber Referrals

The Chamber receives many requests a year for services or products of locally produced items. As a member you and your business are where these requests are referred to.

Free Website Listing

As a member of the Chamber, you are automatically listed on the Horicon Chamber’s website with a link to your own website and email account. Your logo and a brief description of your business are also listed. You can also list any employment opportunities/job openings on the site at no charge to you.

Welcome and Relocation Packets

The Horicon Chamber offers information packets to those who are planning to move into or get a job in town. Welcome packets are given to new “Horiconites”. A current list of Chamber member businesses is included in the packets. As a member you can include your brochure, coupons and welcome gifts with the rest of the information provided.

Powercom Local and Long Distance Phone Service

Not only do you benefit with great savings on your phone bill, but when you sign up with Powercom, Chamber benefits also.

Business of the Week

Every week, one Chamber member will be featured in the Horicon Reporter in an ad that “salutes” that particular business. The name, logo, address and phone number of the “Business of the Week” will be featured along with the suggestion to stop in and see what they are all about.

Free Business Workshops

Topics include marketing, business promotion and computer education.

Tax Deductible

Your membership dues may be 100% tax deductible as a business expense. Make sure you check with your accountant.
